ANOTHER RAILROAD FOR STANFORD.

A Road from This Place to Scottsville Looks Like a Certainty.

A Feasible Proposition From Every Standpoint this Road Would be.

The following from Tuesday's Courier Journal is good news to the people of Lincoln, Casey, Adair and Metcalf counties. It means a great deal for Stanford and let us all join in hoping that the road will be built and built right away:

Traversing three Kentucky counties in which no railroad has been constructed, the Green River Valley Railroad Company, said to be backed by the Louisville & Nashville Railroad Company, is preparing to grant contracts for the construction of a line from Scottsville, Allen county, to Stanford. The line will connect with the Chattanooga and Northern at Scottsville and with the L. & N. at Stanford and will give the L. & N. a practically straight line from Nashville and the South to Cincinnati and the North. Contracts for the construction of the road will be granted in Nashville April 1.

Work of construction, it is said, will begin as soon as possible after the contracts have been let and the road already has been surveyed, platted and cross-sectioned. The line will run from Scottsville to Edmonton, in Metcalf county; through Adair to Columbia; through Casey to Liberty, and through Lincoln to Stanford.

In view of the fact that officials of the L. & N. have been closely allied with the organization of the Green River Valley Company and are said to be the incorporators, and from the fact that the same officials recently admitted that the L. & N. now controls the Chattanooga & Northern, a short line running from Gallatin, Tenn., to Scottsville, it is believed that there is no ground for doubt that the L. & N. is the actual builder of the new line, although none of the officials will admit that such is the fact.

Shipments of ties and steel rails, bound from points on the L. & N. to Stanford and Scottsville, recently have been ordered prepared for instant removal, and it is known that these ties and rails are property of the L. & N.

Railroad builders known all over the Central and Southern portions of the United States have gone over the proposed line of road in the last year and pronounce the plan to connect Stanford and Scottsville not only feasible, but certain to prove a paying proposition. Among these inspectors have been the constructors of the Tennessee Central, recently sold to the Southern Railway Company and the Illinois Central Railroad Company, the builders of the Memphis and Atlanta line of the L. & N., and the constructors of the Chattanooga & Northern railroad.

These trips were followed by corps of engineers and surveyors, who have made two trips over the routes, of which two have been proposed. Neither has been decidedly recommended, but as one is about 20 miles shorter than the other, it is believed the northern line, built along the south bank of Green river, will be constructed.

As now laid out, the line is to take almost a direct course from Scottsville to Stanford. A number of creek valleys, tributary to Barren and Green rivers, traverse this territory, and it is said that a right of way, comparatively level for that section of the State, can be secured. Leaving Scottsville the line will be built along Big Barren to Edmonton, Metcalf county. This portion of the route is said to be the roughest which it will be necessary for the new line to traverse.

From Edmonton the line will run to Columbia, following the banks of several tributary streams to Green river, and for about 30 miles on the route the line will be in close proximity to the river. From Columbia the line will be constructed along the valleys of Upper Brush creek to Liberty, and from that point it will lie between Carpenter's creek and the south fork of Green river for the greater portion of the way to Stanford.

On either side of the proposed road lie three counties which at the present time are untouched by any line of railroad. These counties are Metcalf, Adair and Casey, and although they are widely known for their rich natural resources, practically untouched, no railroad company has attempted to construct a line into them. The very heart of the Green river territory will be bisected by the new line.

Since the settlement of the counties years ago the inhabitants have had no other means of transporting their produce to market other than by steamboat or wagon. Lying in many instances 50 miles from a railroad, and at times 30 miles from navigable water, the natural resources are in the same condition as they were when viewed by the Indians centuries ago. In other portions the steamboat lines have serv-

ed to produce several coal mines; a few asphalt mines have been opened, and some timber has been cut out.

It is said that construction work on the new line will begin with the early summer. A portion of the right of way has been secured already and agents of the new company are rapidly making additional purchases.

No accurate estimate of the cost of construction will be given out, but it is believed that the total cost can be kept within \$2,500,000 or \$3,000,000.

At a meeting of the board of directors of the L. & N. held last November \$3,000,000 additional bonds were voted, and these were soon placed on the market, but their definite purpose has never been disclosed.

With the completion of the new road, the L. & N. will have a line running directly from Cincinnati to New Orleans. This will be of benefit in two ways. The road is just now receiving large shipments from the North to New Orleans for export. Much of this comes from the Pittsburgh and Ohio factories and the direct line will cut off about 100 miles of haul.

The recent developments of the Alabama coal and iron fields have made necessary a better and quicker outlet to the North. As the L. & N. and the Southern railway practically are in control of the Alabama outputs, it is believed that the L. & N. is desirous of a more direct northern and eastern route. At present the Southern has the short route to the East and a route no longer than the L. & N. to the North. With the construction of the Green River Valley, the line of the L. & N. would be shortened about 150 miles to the East and about half that distance to the North.

About half a dozen construction companies are said to be preparing bids upon the construction work and will present them to the officials of the Green River Valley Railroad Company in Nashville.

"Kentucky Home Coming Week" News Notes.

It is believed that the railroads will grant a rate of one fare for the round trip from all parts of the United States to Louisville on account of "Home Coming Week" for all the Kentuckians, June 13 to 17.

The "Home Coming Week" Committee in Louisville is arranging the following awards: A medal to the former Kentuckian present who comes the greatest distance; a medal to the former Kentuckian present who has lived longest outside the State without having returned; a medal to the former Kentuckian present who left the State at the tenderest age; a medal to the former Kentuckian present who left the State at the most advanced age.

There will probably be in effect after "Home Coming Week" in Louisville, June 13 to 17, a rate of one cent per mile for former Kentuckians who attend the "Home Coming Week" ceremonies and wish to visit friends and relatives out in the State.

Governor J. C. W. Beckham has been asked by the "Home Coming Week" Committee to appoint a Commissioner for every county in the State to officially represent the counties during "Home Come Week" in Louisville. These Commissioners will be in charge of the various county headquarters, where county registers to enroll the names of visitors will be opened.

The last Federal census shows that there are 600,000 former Kentuckians living in other States. The Louisville Commercial Club wants to get the names and addresses of as many of these former Kentuckians as possible, and anyone having friends or relatives who have moved from the State will confer a favor upon the Club by sending the names to R. E. Hughes, Secretary, Louisville.

Contracted Chronic Diarrhoea While in the Philippines.

"While with the U. S. Army in the Philippines, I contracted chronic diarrhoea. I suffered severely from this terrible disease for over three years and tried the prescriptions of numerous physicians but found nothing that did me any good until I tried Chamberlain's Colic, Cholera and Diarrhoea Remedy, two small bottles of which entirely cured me and I have since had no return of the disease."—Herman Stein, 212 N. Union Ave., Pueblo, Colorado. For sale by all druggists.

"Judge Paynter will be the first Senator from Kentucky who did not serve in the Civil War," says the Louisville Herald. What's the matter with the unspeakable Deboe? But then he doesn't count, you evidently think.—Frankfort Journal.

MATRIMONIAL.

Lewis Cundiff, Deputy Court Clerk of Casey county, and Miss Matra Dameron, daughter of Sam Dameron, of Mt. Salem, this county, were married at the Christian church at Columbia Wednesday morning.

J. A. Murray, of Glasgow, had been for 35 years a railroad ticket agent. He was elected county clerk recently and when his first customer asked for a marriage license Murray asked: "What road are you going over?" The fellow, who hoped his road would be a smooth one, made no reply.

The marriage of Mr. Fielding L. Thurmond to Miss Sara Smith, of Hart county, was the happy consummation of a love affair that began in their school days. The marriage occurred at the home of the bride's parents at 2 P. M. on the 10th, and was witnessed by a number of friends and relatives of both parties. The groom, who is a fine young man of moral and christian character, never looked handsomer, and his choice on life's voyage, a bonny blonde, who is a great favorite in her native county, was becomingly attired in green silk and carried a bouquet of white roses. The happy couple were the recipients of quite a number of useful presents, and after congratulations left for a visit to the parents of the groom, Mr. and Mrs. S. C. Thurmond, of Lincoln county.

The many friends of Mr. Morris Farris and Miss Norwood, of Lexington, will be surprised to learn of their marriage this afternoon at the home of Rev. W. L. Dorgan, pastor of the Baptist church, at three o'clock. Dr. Dorgan officiating. Miss Norwood has been visiting her cousin, Mrs. D. W. Mahan. She is the daughter of Prof. C. J. Norwood, of Lexington, State Superintendent of Geological Surveys, and very popular and attractive. Mr. Farris is the son of Mr. Joseph Farris, of this city, and is a rising young business man. He is at present traveling representative for the Chamberlain Medicine Company. The young couple left on the Southern train for Louisville, but would not divulge their destination farther than that point. After a short bridal tour they will return to Danville to reside for the present.—Advocate. Mr. Farris' many friends at his old home here extend heartily congratulations and best wishes to him and a long and happy life to his bonnie bride.

CARPENTER-HUFFMAN.—In the parlors of the Mason Hotel at Lancaster Wednesday evening Mr. James Carpenter and Miss Allie Richards Huffman were united in wedlock's holy bonds by Rev. Gilbert Glass, of this place. Those from Stanford who witnessed the ceremony were Misses Pearl Burnside, Mattie Hays Owsley and Tevis Carpenter. The bride is the eldest daughter of Mr. and Mrs. A. G. Huffman and is an exceedingly pretty girl. She is an accomplished musician and is loved most by those who know her best. Mr. Carpenter is a son of Dr. and Mrs. J. G. Carpenter. He is a valued employee of the L. & N. and is a moral, steady young man. The two have been sweethearts for a long time and now that they have been made one until death doth part them, they are very happy indeed. The INTERIOR JOURNAL joins their friends in wishing them all the good things that can come their way. Mr. and Mrs. Carpenter have taken rooms in the Myers House flats for the present and are now at home to their legion of friends.

A brilliant church wedding was that of Miss Jean Warren to Mr. John J. Hutchison in the First Presbyterian church at Danville at 10 o'clock Wednesday morning. Dr. E. M. Green performed the ceremony, which was beautiful and impressive. The church was tastefully decorated, the altar being a veritable sea of flowers. The attendants were Mr. Morris Farris and Miss Georgia McAfee and Mr. Andrew Bright and Miss May Hutchison, the latter of Lexington. The bride, who is a daughter of Mr. and Mrs. Wm. Warren, is an exceedingly handsome young woman, very popular and highly accomplished. She is a niece of Judge R. C. Warren, of this place, and is well known here, where she has frequently visited. The groom is a prosperous Lexington merchant and a fine young man. The happy pair left at once for Florida to spend a few weeks. On their return they will make their home on Ashland Avenue, Lexington. On Tuesday evening at the home of the bride's parents an informal reception was tendered a number of Miss Warren's most intimate friends.

IN NEIGHBORING COUNTIES.

Emil Meier has sold his bakery at Somerset to Frank Smidt, of Danville. William A. Logan, president of the Richmond Ice and Cold Storage Co., is dead.

L. C. Ewing has sold the Parksville Roller Mills to J. J. Cozatt. Possession Feb. 1.

Gilbert Grinstead has sold his interest in the dry goods business at Somerset to his partner, Will Bybee.

A small blaze was discovered in a closet used for storing clothes at the State School for the Deaf, Danville, but the fire was extinguished before much damage was done.

Capt. George W. Albrecht, of Middleboro, believes the services of State troops are no longer needed there, and has so recommended to Col. Roger Williams, of the Third Kentucky regiment, at Lexington.

Mrs. Annie Magoffin Tucker, wife of Dr. D. C. Tucker, of Danville, was run over by a vehicle which knocked her down. The horse tramped upon her feet, breaking the bones and inflicting dangerous injuries. Mrs. Tucker is a daughter of the late Gov. Magoffin and a grand-daughter of Gov. Isaac Shelby.

At Nevada, between Harrodsburg and Perryville, Margie Moss was burned to death, and her sister, Lula, fatally burned, in a fire which destroyed the home of W. C. Moss, their father. The two girls, aged 12 and 14, were sleeping in an upper room when the building caught fire from a defective flue in their room. A high wind was blowing during the night, and before the girls could escape from the room, one of them was burned to death and the other so seriously burned and so fearfully injured by inhaling the flames that it is thought that she cannot possibly recover.

"Is he as forgetful as ever?" "More so. He has to look himself up in the directory every night before he goes home from business. Forgets his address."

"Aw, yes," said the tall man. "I remember once in San Francisco he came in tired and put his cane to bed, and then leaned himself up in the corner."

"Oh, that fellow!" said the little man with the big voice, becoming at once greatly interested. "Why, and he did a lot worse thing than that in Pittsburg; at his own home, too. It was a bitter cold night and he put that ugly devil of a fox terrier that used to follow him around in bed and then kicked himself out of doors. It nearly finished him too, for he was about frozen when he happened to remember his mistake."

HUBBLE.

Eld. F. M. Tinder will fill his appointment at the Christian church Sunday afternoon at 2:30 o'clock.

Miss Jennie Gover, of Bronston, is the guest of her aunt, Mrs. Thomas McBeath. We are glad to note that Mrs. Robert Sloan is much improved from a severe attack of grip.

"That's all right," he replied, "but unless your father will give me a good job in his bank I'm not going on with the wedding."

A STATEMENT of the rolling stock and motive power built for the railroads during the past year has already been reported, but the Railway Age has just compiled the quantity ordered, and finds that this amounts to 6,256 locomotives, 341,315 freight cars and 3,289 passenger cars. These orders were much beyond the capacity of the shops, and deliveries on last year's orders will run well into this year—indeed, some of them may run over into next year. Therefore, it is not expected that equally large orders will be given this year.

THE Mississippi Legislature adopted a resolution at the opening of its sessions barring all lobbyists from the halls and corridors of the capitol and requiring all persons who desire to appear before legislative committees to secure credentials. This will not seriously disturb professional lobbyists. They can get in their work just as well at the hotels and boarding houses or even in bar rooms.

A JURY at Chicago returned a verdict of \$17,000 in favor of the five children of John Hedlund against three saloon-keepers who sold him the liquors which made him a drunken loafer and lost him an income of \$1,500 a year. If such a law were in force in Kentucky it might deter to no little extent the selling of whisky to inebriates or to persons already under the influence of "booze."

DEPEW will keep his seat. State Senator Brackett voted alone in the New York Senate for his resolution requesting the resignation of United States Senator Depew. The democrats did not vote, and all the republicans, with the exception of Brackett, voted against the resolution. It is now the after-dinner speaker's time to crow and we opine that he will crow long and loud.

THE United States mint at Philadelphia is turning out \$4,000,000 for the Mexican government in 10-peso pieces; as a matter of neighborly accommodation. There will be no charge for the service except the actual cost of labor of men and machinery. The establishment of the gold standard in Mexico has necessitated an increased gold coinage.

JOE A. MYERS, one of the editors of the Richmond Register, has made enough money and retired from business. Thomas H. Pickles, his partner, will continue the business at the old stand. Mr. Pickles announces that the Register will be changed to a weekly—a step backward, it seems to us.

It is said that the Postoffice Department is requiring the most perfect bill of morals from the applicants for the postoffices. One man was turned down because he attended a dog fight a great many years before. The Postmaster General never indulges in any amusement worse than golf.

LAWYER PATRICK, who didn't do a thing but kill a millionaire for his money, and only got a death sentence for it, has been granted a respite by the Governor of New York. The Governor evidently does not believe in quick action far his money.

Representative J. M. Alverson has introduced an act to amend and re-enact Section 1,309 of the Kentucky Statutes. Requiring that a license from County Clerk be issued to permit carrying concealed weapons, without which a fine of from \$200 to \$500 is assessed. License shall issue for 12 months on payment of \$25.

GREAT SPEECH.—Hon. Fontaine Fox Bobbitt has had printed at this office a great speech he delivered before the court of appeals as attorney for Overton Adams in a land case. He will present many of his friends with a copy. Of his speech Judge E. C. O'Rear says: "For force of expression and for beauty and strength of language, that speech surpasses any ever heard here."

WEDNESDAY'S Courier-Journal contained this information: "The Green River Valley Railroad Company, which is to construct a railroad from Scottsville to Stanford, is being promoted by W. K. Asbill, of Columbia, who is backed by Milton H. Smith, president of the L. & N. The more we see and hear about this road the more certain it seems that it will be built. So mote it be."

CARRIER.—Mrs. Mary A. Carrier, aged 69 years, died of Bright's disease at the home of her son, H. E. Carrier, 1320 West Chestnut street, Louisville. She had been ill two months. She leaves three sons and two daughters. The remains were brought to her old home here yesterday afternoon and after services at the Presbyterian church by Rev. Gilbert Glass they were laid to rest in Buffalo cemetery.

It looks as if Stanford is going to have another railroad and if you are in doubt about the matter read the article from the Courier-Journal which appears on our first page. The proposed route from Stanford to Scottsville penetrates three counties, all rich with natural resources and heretofore untouched by a railroad. Lincoln county people have not been asked to donate a copper to the building of the road but it might help some for her citizens to get together and offer some inducements in the way of right-of-way, etc. What's the matter with having a mass meeting in the next few days? Do we hear a second?

A NUMBER of the representative citizens of Crab Orchard and vicinity met in the court house there Monday night and organized the Crab Orchard Commercial Club. The purpose of the organization is to promote the interests and welfare of the town. The following officers were elected: Wm. Mason Morris, president; A. Addams, vice president; S. J. Tatem, treasurer; Wade H. Perkins, secretary. The club will meet once each week. A commercial club rightly conducted can be of inestimable value to a town and we trust the young men chosen as officers of the Crab Orchard Commercial Club will work wonders for the East End capital. They can do it. Messrs. George B. Lyne, Abe Addams and Robert Edmiston were appointed a committee to draft by-laws for the club.

Hughes, Stanford, Ky.

ON Jan. 1st a little dog belonging to David Wren, who works at the water works, while chasing a rabbit ran into a sink hole and did not come out. The owner saw him disappear and was soon worried by his failure to show himself. Mr. Wren spent in all a week or more digging for the canine and yesterday his labors were rewarded. The dog, which had had nothing to eat for 18 days, was hardly more than skin and bones and too weak to walk much. Mr. Wren was delighted to find him alive and is caring for him the best he can in order to restore him to his former good health.

WILL VIEW C. O. SPRINGS.—A resolution offered by Hon. J. M. Alverson to have a committee inspect Crab Orchard Springs with the view to purchasing it for a Feeble Minded Institute passed the House and Senate and a committee will come to Crab Orchard next week for that purpose. Senator Hubble and Representative Alverson are both on the committee and those interested in the sale can expect them to do what they think is right in the premises. Our Crab Orchard friends should give the committee a warm reception and make their stay there as pleasant as possible.

MISS EVA BAILEY, the pretty daughter of Mr. John R. Bailey, formerly of Crab Orchard, but now of Mercer, was here yesterday meeting the Courier-Journal readers. Miss Bailey is a candidate for the honor of one of the trips abroad given by that paper to the most popular young lady teacher. Each daily Courier-Journal contains a ballot and if our Lincoln county readers of that paper will cut this ballot out and give it to Mr. Jos. C. McClary, of this place, it will be voted for Miss Bailey. Lincoln county has no candidate and can have none, as it is not included in the territory. Miss Bailey is a niece of Messrs. T. D. Newland and J. C. McClary and they and others here will do what they can in her behalf. If you subscribe for the daily Courier-Journal or renew your old subscription, be sure and write for your ballot and if you will vote it for Miss Bailey she and her friends will duly appreciate the favor. Miss Bailey was accompanied here by her father.

In the Senate Mr. Tillman, of South Carolina, made a speech severely arraigning President Roosevelt for his action in the Santo Domingo affair and finally taking up the Morris incident. After protests had been made by Mr. Hale, Mr. Hopkins and Mr. Daniel against the bringing in of an investigating resolution concerning the episode, Mr. Tillman declared with much feeling that he would offer the resolution "as a Senator and a man," and that he would "put it up to the Senators to do what they will." Some hurried conferences were held and the Senate went into executive session.

INDIGESTION'S RECORD

"The best remedy I can prescribe for your indigestion, madam, is Green's August Flower. I know of several other physicians who prescribe it regularly."

Indigestion is making an awful record as a cause of sudden deaths. It is beating heart-failure in its ghastly harvest.

You read in the papers daily of apparently healthy and even robust men being suddenly attacked with acute indigestion after enjoying a hearty meal, and of their dying in many cases before a physician could be called in.

This should be a warning to you who suffer with regular or periodical attacks of indigestion. If these unfortunate victims of acute indigestion had taken a small dose of Green's August Flower before or after their meals they would not have fallen a prey to such sudden seizures. August Flower prevents indigestion by creating good digestion. It also regulates the liver, purifies the blood and tones up the entire system in a natural way.

JOHN D.'S NATIONAL HYMN.

My country, 'tis of Thee,
My private property,
Of thee I sing.
Land where the millions toil
In serfdom on my soil,
That out of Standard Oil
I wealth may wring.
My native villainy
Is what enables me
To make me pile.
I have the rock, and rills
Of oil my barrel fills
With gold and bonds and bills;
That's why I smile.
I love to feel the breeze
And rest beneath the trees,
The whole day long.
Let other hands produce
Wealth for my private use,
Lay golden eggs, thou goose!
Thou toiling throng.
Then there's my son, John D.,
A pious youth is he;
Takes after ma.
And through the needle's eye,
With outstretched wings he'll fly
Up to a home on high,
Bought by papa.
Our fathers' God to me,
Omnipotent John D.,
Looks pretty small.
I'll keep this old land bright
With oil, both day and night,
While slaves, both black and white,
Pay for it all.

Stomach Troubles and Constipation.

"Chamberlain's Stomach and Liver Tablets are the best thing for stomach troubles and constipation I have ever sold," says J. R. Cullman, a druggist of Pottsville, Mich. They are easy to take and always give satisfaction. I tell my customers to try them and if not satisfactory to come back and get their money, but have never had a complaint." For sale by all druggists.

An agreeable movement of the bowels without any unpleasant effect is produced by Chamberlain's Stomach and Liver Tablets. For sale by all druggists.

Try it. Sold by G. L. Penny, Stanford, and C. W. Adams, Hustonville, at 50c and \$1. Money back if it fails.

UMBRELLAS

Re-covered and repaired and made almost as good as new for a small amount. I can fix your umbrella better than the tramp repairs and for less money. Give me a trial. FRANK ATKINS, Stanford.

Give Me Your Order.

I Can Please You.

Why buy ready-made clothing when there is so little difference in the price of high-grade ready-made suits and a suit made to your measurement taken by an experienced tailor? I have a handsome line of Fall and Winter goods. I can make from a low price business suit to the finest dress suit. Also overcoats, trousers and fancy vests. The company I represent is one of the best.
H. C. RUPLEY, the Tailor.
